Excerpt: .is difficult to lay down any fixed rules for the size of altars. Generally they are too short and too high. G. G. Scott s rule that the length should be onethird the width of the chancel is fairly good; though, unless the sanctuary be very wide, it will usually look better if a little longer than this. The long altars of the late Gothic period certainly had a dignity that the earlier examples did not possess. The Arundel altar was 12 6 -- that in the chapel of the Palace of the Popes at that all altars should be destroyed and that movable wooden tables should take their place. After the Reformation and during the Puritan period these tables occupied the old altar position; but during the celebration they were turned north and south. Many examples of the extension table or telescope altar remain,...
