By Kevin Jackson

PALLAS ATHENE PUBLISHERS, United Kingdom, 2015.

Paperback. Book Condition: New. 2nd Revised edition. 148 x 96

mm. Language: English . Brand New Book. John Ruskin,

author, art critic, architect, social commentator, was arguably the most influential Victorian of them all, with disciples ranging from Gandhi and Martin Luther King to Proust and Oscar

Wilde. But his writings have been characterised as glorious

words, but too many and the volumes of his work can appear

daunting. A Ruskin Alphabet is the perfect pocket-sized

introduction to the exhilarating energy of his thought, and

provides a unique insight into Ruskin s life, works and loves.

Entries range from Art to Zoology via Economics, Nature, the

Pathetic Fallacy and much else. It appeals both to Ruskin

scholars and to those just discovering the work of this multi-

faceted genius. It is the essential pocket-sized book on Ruskin.
