Stylistic Village Vignettes is the second book in the Village Vignettes Series, following Realistic Village Vignettes. This book takes a different path to displaying miniature porcelain and ceramic village pieces. Instead of creating a logical village scene found in the Realistic Village Vignettes book, Stylistic Village Vignettes combines elements such as other collectibles, containers, objects d'art, and more into fabulous vignettes conserving both space and time. Besides the traditional containers such as baskets, unique trays and elegant serving pieces found at fine home decor centers, family heirlooms, thrift store cast-offs and garage sale finds can also enhance the proper village piece or pieces. She is constantly on the hunt for dramatic ways to enhance her vignettes - many of them featuring food related pieces finding their way into the kitchen and dining areas. In addition to Sue, over forty other village collectors have contributed to this excellent display resource, sharing their ideas; and providing creative inspirations as starting points for other collectors to appreciate their village pieces in a different way. They say a picture is worth 10,000 words. This book - as well as Realistic Village Vignettes - are filled with excellent photographs depicting...
