Hows your perspective The brevity of earthly life must not be underestimated and the study of Gods eternality is designed to see God for who He is and to provide the information needed to view ourselves from the Creators perspective in the scheme of things. . . . Use for classroom study: Chapter 10 is a convenient outline of this book for teachers. . . . A much needed study of epistemology may be found in the end of the book . . . Excerpts taken from pages 63-64: Satan has deceived otherwise intelligent university professors, medical doctors, businessmen and everyday citizens that there is no God and that the universe is eternal. Yet, there are those of equal academic credentials who state just the opposite. Janna Levin, who is with the Department of Applied Mathematics and Theoretical Physics at Cambridge University (United Kingdom), rightly denies that the universe is eternal. She stated: The universe had a beginning. There was once nothing and now there is something. World Renown British Philosopher, Dr. Antony Flew, is no longer an atheist in that he has now announced to the world that there must be a creator because of the design argument. This item ships from La Vergne, TN. Paperback.
