

## A Glossary of Botanic Terms

Filesize: 6.39 MB

### ***Reviews***

*It is great and fantastic. I have go through and i am sure that i will likely to study again once again later on. I am just easily could possibly get a enjoyment of looking at a published book.  
(Tad Stanton Sr.)*

## A GLOSSARY OF BOTANIC TERMS

DOWNLOAD

CreateSpace Independent Publishing Platform. Paperback. Book Condition: New. This item is printed on demand. Paperback. 340 pages. Dimensions: 9.0in. x 6.0in. x 0.8in. An excerpt from the PREFACE: THE task of selecting what terms should be included in any branch of science offers many difficulties: in the case of botany, it is closely linked on with zoology and general biology, with geology as regards fossil plants, with pharmacy, chemistry, and the cultivation of plants in the garden or the field. How far it is advisable to include terms from those overlapping sciences which lie on the borderland is a question on which no two people might think alike. I have given every word an independent examination, so as to take in all which seemed needful, all, in fact, which might be fairly expected, and yet to exclude technical terms which really belong to another science. Words in common use frequently have technical meanings, and must be included; other technical words are foreign to botany, and must be excluded. Thus entire must be defined in its botanic sense, and such purely geologic terms as Triassic and Pleistocene must be passed by. The total number of rare alkaloids and similar bodies recorded in pharmacologic and chemical works, if included, would have extended this Glossary to an inconvenient size; I have therefore only enumerated those best known or of more frequent mention in literature, or interesting for special reasons. Many words only to be found in dictionaries have been passed by; each dictionary I have consulted contains words apparently peculiar to it, and some have been suspected of being purposely coined to round off a set of terms. The foundations of the list here presented are A. Grays Botanical Text-Book, Lindleys Glossary, and Henslows Dictionary, as set forth in the Bibliography. To these terms...
